

AC - 5 ELEMENTS HOMEOPATHIC FORMULA

It is a complex homeopathic formula created *to clean the body of toxins, heavy metals, viruses, bacteria, microorganisms and their genetic code information, to strengthen the cellular and nuclear membranes from being attacked by these microorganisms, to restore good functioning of cells and to prevent them from degenerating into tumor cells.*

Composition:

1. **Smoky Quartz** has the role of removing all non-self information from cells and cell membranes;
2. **Abies alba** through its resin, has the role of patching / occupying the place where the toxins were extracted;
3. **Viola tricolor**, which, through the mucilages it contains, has the role of transporting these toxins to be removed;
4. **Geranium robertianum**, which, by its composition, helps to detoxify cells, speed up the flow of nerve inflows (information) and destroy cancer cells;
5. **Introna (homeopathic interferon)** has the role of protecting the body's cells from viral, microbial attacks in general and of preventing it from becoming cancerous cells, in various homeopathic potentials.
